

DIDSBURY PIONEER

VOL. XXXI, No. 1

DIDSBURY, ALBERTA, THURSDAY, JANUARY 11, 1934

\$2.00 Per Year 5 cents a copy

Bonspiel Held Up.

The Bonspiel opened up Monday morning and from a standpoint of entries the outlook was for a very successful 'spiel. Seventeen rinks had made entries, the visiting rinks being 4 from Carstairs, 2 from Olds and 1 from Crossfield.

The ice was in fair shape when the 'spiel opened at 9 o'clock, but the soft weather conditions got worse and the games had to be postponed in the afternoon until the ice got into better condition.

In the 9 o'clock draw L. Liesemer, of Carstairs, beat T. Johnson, and Sinclair took his game by default, Johnson, of Carstairs, failing to appear.

At 11 o'clock Dr. Liesemer got the best of Jack Fleury, and McCoy beat Lee, of Carstairs.

At 1 o'clock the ice was getting almost unplayable and Stouffer, of Olds, beat Stutler and Mills, of Carstairs.

At 3 o'clock Fisher beat Black, of Carstairs, while the game on the other sheet was abandoned.

Will Attend Important Conference.

Mr. N. S. Clarke will represent the dairy industry at a conference to be held at the Parliament Buildings, Edmonton, on Friday, Jan. 12th, to discuss problems associated with the marketing of livestock and livestock products.

They will discuss compulsory marketing, nationalizing of stockyards, regulation of packing houses, present system of trading compared with selling by auction, transportation, livestock credits, possibility of reducing spread of prices between producer and consumer and other problems.

Representatives from all parts of Alberta will be at the conference.

Inspection for Fire Protection

Mr. W. T. Pitt and Constable Kercher have been appointed as inspectors in regard to fire protection and an inspection of all buildings in the town will shortly be made. The inspection is made in the interests of all property owners and the inspectors should be welcomed and their recommendations carried out in the interests of the whole community.

Further Extension Tax Payments

Owing to the continued heavy snow conditions in country districts and consequent difficult travel on roads, the provincial government has announced a further extension on payments of dues under tax consolidation agreements until 1st January. This gives six weeks' extension from the original date of December 15th.

Olds Wheat for Russia

Messrs. Louis Hammer and H. L. Taggart are loading 10,000 bushels of Garnet wheat, which, when passed through the Moose Jaw cleaning plant will be consigned to Russia. The Registered Seed Growers' Association of Saskatchewan received an order for 16,000 bushels of Garnet wheat from the Russian Government, and these local farmers received the big slice of the contract from the Saskatchewan association. The work of loading is now under way and the shipment must reach New York before Jan. 20th in order to catch the freighting vessel on which the wheat is consigned.

—Olds Gazette.

The weather for the last few days may not suit the curling fans, but it is sure a welcome change from the cold spell that welcomed in the new year.

LOCAL & GENERAL

Mr. A. W. Axtell and son Gene, of Raven River, are spending a few days at their home here.

Mr. Wilfred Snyder, who has been visiting his parents here for some time, left by car to return to California on Wednesday.

Mrs. Helm, who has been visiting her daughter, Mrs. Ward Keith for the past few weeks, returned to her home at Newburg, Ore. on Tuesday.

Miss Grace Ranton, of Didsbury is in the city for a few days as the guest of Miss Grace Blatchford, View Point.—Edmonton Bulletin.

Messrs. E. G. Ranton, Bruce Parker and Ward Keith have been drawn on the jury panel at supreme court session January 15 and will report in Calgary that day.

The Knox United Y. P. S. will hold a "19 Cent Tea" in the basement of the church on Saturday, Jan. 13 from 2:30 to 6 p.m. Come and have tea with us.

Mr. C. R. Ford, principal of the Public School, has been confined to his home for the past few days. Miss Lottie Hunsperger is teaching Mr. Ford's classes.

Mr. Otto Mueller, who attended his brother's wedding in Montreal and visited his old home in Ontario, returned home on Monday and is spending a few days with his sister, Mrs. Bert Fisher.

Pigeons must like Ward Keith. While out walking near the hospital a pigeon lighted on Ward's shoulder and stayed with him until he had walked round the block to the highway.

Mr. Morgan Cressman this week received a letter from a "Spanish Prisoner," in which he was offered a large fortune if he would deliver the "prisoner" from jail. This old gag has cropped up again and we understand that several letters have been received in the district.

Sid Morasch, whose leg was broken when his horse fell on him early on the morning of January 2nd, is in the Calgary General Hospital. He has undergone one operation and is to undergo another in ten days and says he is fairly comfortable at present. He would be glad to receive a visit from any of his Didsbury friends who may happen to be in the city.

At Didsbury

Legislature Opens on February 8th

Opening day for the 1934 session of the Alberta legislature will be Thursday, February 8th. It was announced last week by Premier Brownlee.

The date has been set, among other reasons, in order to permit the new Calgary member to take his seat at the opening and also in view of the inter-provincial conference in Ottawa, which has been set for January 17th and to which the Hon. R. G. Reid and one other minister not yet named will go as Alberta representatives.

A session of about the same length as last year is looked for by the premier, who is hoping, however, that it may even be a bit shorter. The opening day is one day earlier than at the last session.

License Year Same as Calendar Year

Motor licenses in Alberta will continue for the coming year on the same basis as at present, though with a number of important concessions in the way of part-term reductions.

The license year will remain the same as the calendar year, and the scale of license fees will also continue the same. On April 1st, however, there will be a 20 per cent. reduction for cars taking out licenses for the rest of the year, and a further cut will take effect on July 1st, when a 40 per cent. reduction will be made for the remaining six months. On this basis licenses were issued as usual on January 2nd.

A new departure is being made in respect to old cars that are still doing duty in a more or less advanced state of decrepitude. These are said to be a small number of such cars, of practically no value, being used for general service or trucking purposes, and for these a special flat-rate of approximately \$10.00 license fee will be made.

This special flat-rate will apply to passenger cars of the smaller type manufactured in 1925 or before.

The motor license decision was finally made by the government after consultation with the I. F. A. members who had been in conference.

Legion Supper and Smoker

A most enjoyable evening was spent Saturday last by the members of the local branch of the Canadian Legion, when the annual supper and smoker, which had been postponed from the previous Saturday, was held. About sixty members attended, many being unable to be present on account of the state of the roads.

After a splendid supper provided by President and Mrs. Lowrie the rest of the evening was enjoyed in singing and stories, including many of the wartime favorites.

Before closing at midnight Comrade Craig in a few well-chosen words thanked President and Mrs. Lowrie for their hospitality on this and many occasions, which was followed by the singing of, "For They're Jolly Good Fellows."

The evening closed with singing the National Anthem, and all agreed they had spent a most pleasant time.

Odd Fellows Elect Officers.

The election of officers of the Didsbury Lodge of Odd Fellows was held Thursday evening last.

Mr. Percy Lunt was elected the Noble Grand; Mr. C. E. Marceline, Vice Grand; Mr. C. H. Hadhead, Treasurer, and Mr. J. W. Halton, Secretary.

Subscriptions to Boys' Band.

Further subscriptions to the Boys' Band are:

Roger Barrett, \$5.00
Chas. Mortimer, 2.00

It should also be noted that Mr. W. T. Pitt loaned an instrument for use in the band.

Other subscriptions are solicited and will be duly acknowledged.

WORLD HAPPENINGS BRIEFLY TOLD

License for a 100-watt radio broadcasting station at Middlechurch, Man., has been granted James Richardson & Sons Ltd., Winnipeg.

First doctor in Canada to secure membership in the British College of Obstetricians and Gynaecologists, Dr. J. Ross Vaut of Edmonton has been awarded the degree of M.C.O.G.

The steady movement of settlers into northern Saskatchewan has increased all the available soldier settlement board farms in the sub-district south of Prince Albert.

Sir Hubert Wilkins, Lincoln, Epsworth and Bechtel, British United States Airways, left New Zealand aboard the supply ship "Wyatt Earp" on the first stage of a new Polar adventure in the Antarctic.

A 100-year-old strong brass vial, manufactured in France in 1775, is being hoisted in Ft. Flon, Manitoba. It is owned by John Varni, 72-year-old Yugoslavian, who came to Canada three years ago.

Frank Krystek, 54, for 15 years on the "dead and missing" list of the Great War, died of a heart attack which came after he decided to identify himself to government authorities.

The assertion that Germany will "attain all her resources to meet her just obligations" is made by Dr. Hjalmar Schacht, president of the reichsbank, in the German-American economic bulletin.

Canadian ships possessed special keeping qualities and were therefore purchased by the navy for use as reserve supply depots. Captain A. Duff-Cowper, financial secretary to the war office, explained in the British House of Commons.

The famous "Royal Scot" crack train of Britain's London, Mother and Scottish Railway came home aboard the Canadian freighter "Beaverdale." Behind her were about 6,000 miles of ocean voyaging and 14,000 miles of Canadian and United States rails.

Some Soviet Debts

Russia Has Repudiated More Than Any Other Nation

One of the most interesting explanations of the new recognition of the Soviet by President Roosevelt must be on the debt problem. These debts are not so often mentioned in the U.S. press as those owed by France or Britain. Meanwhile Russia has repudiated more debts than any other nation. They owed \$187,500,000 to France, and \$2,013,732,039 to Great Britain. Of course, there are more recent debts contracted in trading with Germany. The Prussian Premier Goering said that "more German workers could live if Russia paid her bills." That the Soviet government does not pay its bills is obvious. There too, is the overdue debt to the United States to the amount of \$285,900,000. In Washington, asking recognition of this trifle at all? Brandon Sun.

Insulin Is A Chemical

Insulin is a delicate chemical entity, scientists of the Oronotag laboratories stated in connection with the appeal being made in Britain for an increase in tariff protection. Toronto scientists supported the view of Prof. Robert Johnson, of the British Board of Trade, that insulin is a chemical substance the tariff will be jumped from 10 to 33 1/2 per cent.

An American firm will construct a bridge, 1,600 feet long, over the Pearl River in China.

A hard pan-barry for farmers in northern Ohio has been established by presidential decree.

By Ruth Rogers

UP-TO-MINUTE, NOT-TOO-EXPENSIVE BLOUSE THAT YOU CAN MAKE IN AN HOUR OR TWO

Up-to-the-minute blouse—modern in its simplicity, sophisticated in new details. It has the important high neckline and high shoulders. It is fitted through the waist and hips. You'll like the decorative button trim that gives emphasis to its perfect sheath-like line. Coral-pink crepe satin made the original model so alluringly lovely. Make it for a minimal cost, it's simplicity itself to put it together. Style No. 478 is designed for sizes 16, 18, 20 years, 36, 38, 40 and 42 inches last. Size 36 requires 2 yards of 36-inch material.

Two small views show the corded tie neckline, which is self-fast, made with soft padding. It is a new craft touch so entirely irresistible that Paris is using on the smartest houses. The pattern envelope explains how easy it is to do it. Price of pattern 20 cents in stamps or cash (cash is preferred). Wrap coin carefully.

Independence is not always easily attained nor is it always worth the attainment.

The only thing needed for international harmony is a little more practice in playing second fiddle.

Educationalists Convene

Prominent Pedagogues Of Canada And U.S. Meet At Detroit

Some of the most prominent educationalists of Canada and United States, in deep conference at Detroit, took time enough to watch a pair of their leaders toss barpins into their own meshes.

The harping began with an address by Dr. Burgess Johnson, of Syracuse University, who told the National Council of Teachers of English he believed "figures almost invariably lie, and that mathematics is a form of sin."

Then came Dr. Stephen Leacock, famous humorist and economist of McGill University, Montreal, who asserted today's college graduate has been "badly damaged" by his education. He said the trouble lies in the fact that "education, in nine cases out of 10, is not pursued for its own sake."

Bill Instead Of Fortune

Man Wrote About Legacy And Got Tax Notice

England's most disappointed and disillusioned man is J. Moore, of Wardsworth.

Fifty-five years ago his wife's grandmother bought land just outside Melbourne, Australia, and then forgot about it. Recently Mr. Moore read that a building scheme in the same district had turned a man who owned land there into a millionaire.

It was a pleasant thought. Mr. Moore pored the original documents of possession to the town clerk at Melbourne and asked for an estimate of the value of the property.

Back came a letter stating that the land had not been built on, and that its value was still £20 (about \$100) a bill for £13 15s.

The bill was paid tax for 25 years at the rate of five shillings a year!

Doukhor Troubles

Believes Unrest In B.C. Resulted From Internal Controversy

Suggestion British Columbia's trouble with Doukhobors, including nude parades, fires, bombing, etc., centred around leadership and arose from internal controversy in the Christian Community of Universal Brotherhood, is made in a reference to the subject in the annual report of Col. J. H. McMullin, commissioner of B.C. provincial police.

Since Peter Veregin left the province, the report states, "we have had no trouble of any kind with the Doukhobors. It is not suggested the Doukhobor leader was in any way directing the perpetration of those outrages. On the contrary, our information indicates it is highly improbable he had anything to do with them at all; but the sudden cessation creates a suspicion all Doukhobor troubles, including nude parades, centred around the leadership and arose from an internal controversy among the directorate of the Christian Community of Universal Brotherhood."

An Amusing Incident

Boy Readmitted Into Hospital To Meet Royal Visitor

There was an amusing incident during the Duke of Gloucester's tour of the Pontypool and Rhondda areas of the South Wales coal-field. When he visited the Pontypool Hospital the Duke chatted with all the 50 patients, including a nine-year-old boy named Teddy Seward. It appears that Teddy's birthday coincided with that of the Prince of Wales and that it had been the ambition of his young life to meet the Prince or some other member of the Royal family. However, he was discharged cured before the Duke's visit, but the nurses readmitted him, and tucked him into bed in order that he might see the Duke.

Makes Rural Survey

Would Require Huge Sum To Restore Farm Equipment In Saskatchewan

Extent to which the return of industrial prosperity awaits the recovery of agriculture is indicated from some figures given by Prof. E. C. Hope of the Department of Farm Management of the University of Saskatchewan, after a study of rural surveys made by that department. To restore to the condition of 1929 the buildings, farm machinery, household equipment and clothing of the dwellers on the 136,000 farms in Saskatchewan, would take a sum of at least \$140,000,000, his figures show.

During the past four years, buildings have gone unpainted and un-repaired, machinery has been used that was ready for the scrap heap, the normal expenditure on household furnishings has been cut to a fraction and the stock of clothing has been greatly reduced.

The farm buildings in Saskatchewan were worth \$236,000,000. Professor Hope puts the wear and tear not replaced at \$50,000,000. It would cost that sum to put the buildings in the same state as in 1929. Before the depression the districts surveyed had an equipment of farm machinery running from \$2600 to \$3,000 per farm. This machinery is four years older. Little has been replaced and repairs have been cut to a minimum. It would cost \$10,000,000 to put it back in shape.

The internal fittings of the homes have also depreciated. At Kindersley the farmers used to spend \$600 a year in replacements and in the Turf district \$48. It would need some \$20,000,000 to bring the home furnishings back to par.

Carried Out Sailor's Wish

Destroyer Left Halifax To Bury Man At Sea

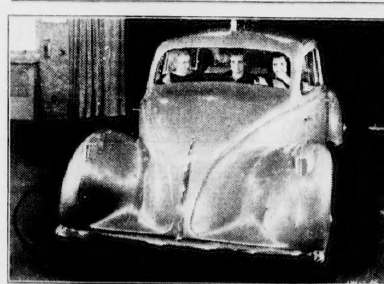

"H. M. C. Saguenay" stood out of Halifax Harbor recently and headed for the open sea to give John Pulley a sailor's burial. In response to the seaman's dying request, the destroyer's officers broke a tradition of long standing. It was the first time in Canadian history a naval craft left port to bury a man at sea.

Pulley, a native of Montreal, had been residing in Ottawa. Death had been induced by the shock of seeing a companion killed last March. That companion, a Royal Canadian Mounted Police officer, was struck down by an automobile as he and Pulley were crossing a street.

Camps For Unemployed

East and west of the lakehead there are 40 camps laid out for the unemployed single men in Ontario, and by mid-winter they will be staffed by 4,000 men. Each receives in cash \$10 a month, besides fuel, room, board and some clothing, although the greater number will purchase clothes from the government stores in the camp.

The "Dream Car" of the Future

The illustration above portrays the Aero Dynamic Research Institute's idea of what an automobile will eventually be. It is a model for production by any manufacturer, but created unusual interest at the Detroit Exposition of Progress, this week.

Elkton Notes.

Don't forget the dance in Elkton school tomorrow evening in aid of the Red Cross.

The community wishes Mrs. Romayne, who is in the Didsbury Hospital, a speedy recovery.

Miss Nancy Byrt, Miss B. Mann, Walter Dobson, Wilfred Blain and Lawrence Oliver were the guests of Arnold Hogg on Sunday, it being his 18th birthday.

The roads are open again after having been badly drifted during the wind last Friday.

A number of neighbors and friends paid a surprise visit on Mr. and Mrs. Alex Hogg on Tuesday evening in honor of Mr. Hogg's birthday. Who was played and honors went to Mr. and Mrs. O. Krebs. Mr. Hogg was the recipient of a birthday gift from his friends. Lunch was served at the conclusion of a very enjoyable evening.

Burnside Notes.

There will be a dance in the Love Pine Hall tomorrow evening (Fri.), the music being furnished by the Moonlight Strollers.

Born: Thursday, January 4th, to Mr. and Mrs. James McCulloch, a daughter.

Mr. Nelson McLenn, Lethbridge, was a holiday visitor with relatives here.

Mr. and Mrs. Lewis McCulloch, of Turner Valley, spent the holidays with their parents here.

Mr. Dick Metz left last week to take a position in a sawmill on the Little Red Deer river.

Miss Dorothy Cippierley, of Calgary, spent the holidays at her home here.

Miss Tenn McLean, of the mental hospital at Ponoka, spent the holidays with her parents here.

Mrs. William McCulloch is visiting with her daughter, Mrs. John Fullerton.

Mr. and Mrs. Bert Pross spent Sunday with Mr. and Mrs. Noah Eckel.

Mrs. C. L. Cippierley was removed to the Didsbury Hospital on Sunday suffering from a very painful infection of the eye.

There was a shower and dance at Stuart school Monday evening in honor of Mr. and Mrs. Harry Coates (nee Hazel Milner). We extend our congratulations and best wishes to the newlyweds.

Melvin Notes

The God-fetters are holding a dance at Melvin school on Friday January 19th. Al Mack's Orchestra will furnish the music. Admission 35c each.

Mr. Lunelot Carlson is visiting friends in Calgary.

Mrs. Walter Ballamy, of Cremona spent Tuesday with Mrs. G. Johnston.

The God-fetters are opening the Social Saturday Evening Club again and the first meeting will be held on Saturday evening.

Congratulations to Mr. and Mrs. John Clarke. A young son has come to stay. Mother and baby are in the Didsbury Hospital doing nicely.

Improving Hog Production.

Those engaged in the promotion of the campaign to improve the quality of hogs produced in the province, are receiving a most encouraging response from the farmers in the central and northern parts, where the campaign has been in progress. During the past few months no less than 500 gilts and sows of approved type have been ordered by farmers under both the federal and provincial broad-sow policies, of which some 350 have already been filled. The sows now being put out to farmers under these policies are all bred beforehand to high-class hams. This promotion work cannot fail to result in a definite swing upwards of the percentage of select bacon hogs produced in the province next season.

OUR BIG SALE IS GOING GOOD! and Will Continue All this Month

Boys' Box Calf School Boots, Sizes 1 to 5 Regular \$4.00	To Clear	\$2.75

Regular up to \$3.00	To Clear	75c. All Sizes in this lot.

A. G. STUDER**RUGBY NOTES**

At the last meeting of the "Cheer-Up" it was decided to purchase a second jump for use in the school, also to send \$5.00 to the Junior Red Cross; to put on a dance on January 20th and send the proceeds to the Junior Red Cross also.

With 18 members and visitors present, Rugby W.L. held its January meeting at the home of Mrs. Johnston. It was decided to hold a wine drive in Melvin school on the evening of February 7th. After the business was disposed of, Mrs. Parker took up the lessons in the Home Economics short course, proving a most interesting teacher. The meeting adjourned and lunch was served. The February meeting will be held at the home of Mrs. Harvey Hoesgood, and members please take note that meetings begin at 2 p.m. instead of 2:30 during the winter months.

Dairy Products 1933.

The outstanding feature of the production statement for the past year will be the record made in dairy products. The total value of these for 1933 will show almost a million dollars increase over 1932. The preliminary estimate of the province that the 96 creameries in the province have turned out about 25,737,000 lbs. or 200,000 lbs. more than the previous high record, thus setting a new high record for all time in the history of the province. The price is about a cent a pound better than that of 1932, which, with the increased production, has added about \$600,000 to the value over 1932. The eleven cheese factories operating in the province have produced about 1,455,000 lbs. cheese, approximately the same as the year before. Another interesting statement in this connection is the estimate of butterfat in cream graded during the 14 months ended December 31st, the total of 1,470,000 lbs. of butterfat, about 66 per cent, was graded special, compared with 58 per cent in 1932, and the price was about a cent a pound better. In addition 28 per cent of the butterfat was in the first grade.

Alberta Women Honored.

Two Alberta women were among those honored by King George VI. New Year's Day with membership in the Order of the British Empire. These were Miss A. Tilley, for many years head of the nursing mission in Lethbridge, and Miss E. Pearson, superintendent of the municipal hospital at Grande Prairie.

CARD OF THANKS

The members of the Public School Staff wish to take this opportunity to express their appreciation of all the parents and friends who helped in any way with the production of the opera, "Land of Dreams Come True."

We have a fresh supply of scratch pads now ready. Especially useful for school, store or telephone. 2 for 5 cents.—Pioneer Office.

Scientific Help For Farmers In Improving The Quality Of Wheat In The West

Farmers may look for scientific help in at least two directions as a result of the work under way for improving the quality of wheat grown in the outlying parts of the western plains and increasing its effectiveness in export competition. Dr. A. G. McCalla stated at Ottawa. The first scientific assistance which farmers might expect was "towards better adapted varieties produced by plant breeders." The second was "towards improved fertilizing practices based on scientific information."

Dr. McCalla spoke at a meeting of the Biology Club. For some years a member of the associate committee on grain research of the national research council, he has been stationed at Edmonton.

The highest protein wheat grown in western Canada, it had been known for some time, came from the drier, south-central portion of the plains. Dr. McCalla stated.

In recent years, evidence had been accumulating that the quality as well as the quantity of wheat tended to be depreciated as the crop was pushed into the more northern districts, unless well adapted varieties were grown.

"But what has not been realized until the present season," he continued, "is that the keeping quality of the flour also may be affected by the conditions under which the wheat is grown."

During the course of experiments to test the milling and baking quality of rust- and smut-resistant wheats produced at the University of Alberta, he proceeded, it became clear that only wheats with special characteristics, not hitherto recognized, could be grown satisfactorily on the wooded soils which made up so large a proportion of northern Alberta and Saskatchewan. When a series including the new varieties and others commonly grown in the prairie provinces was grown both at Edmonton, on black soil, and at Fortin, about 50 miles west, on grey, wooded soil, and samples compared, "very striking differences" were found.

While nearly all of them made good bread when grown at Edmonton, several fell off considerably in bread quality when grown at Fortin. "Still more striking were the differences after the flour had been at rest about nine months," he declared. "The Edmonton-grown samples had deteriorated slightly, only a very few of either the old or new varieties at the latter point now making first class bread."

The fact that some varieties do maintain both their initial quality and their quality after storage, even when grown under these adverse conditions, Dr. McCalla continued, was of great importance to the plant breeder, who must now direct his effort to producing varieties which possessed this valuable characteristic. In the meantime, cereal chemists, including himself, were bending their effort to explain the cause of the differences found.

By his own work it had been shown that the nutrition of the grain plant affected the quality of the grain very directly. The amount of soil nitrogen available to the crop determined very largely the quantity of protein in the kernels but apparently had little effect on its quality.

It's depended on the availability of certain mineral elements—the potassium and calcium. The chelation of these factors, Dr. McCalla declared, obviously will have an important bearing on fertilizing practices.

Another Trafalgar Square

Few People Know There Are Two In London, England

It is surprising to find how many Londoners are unaware of the existence of another Trafalgar Square in London, England, besides the one surrounding the Nelson Column.

It is tucked away off the beaten track in old Chelsea, and when on one or two new white houses are reminiscent of the South of France or Hollywood, the majority still retain their English Georgian air. London Daily Sketch.

Equality and Security

France Reminds Germany About Wording of Last Year's Agreement

Albert Sarraut, former Premier of France, said: "This country will keep its sang-froid, it will avoid exciting alarm and it will face tomorrow calmly, for it does not know fear, and France now possesses a material and military force that prevents any one from dictating to her what road she shall take."

I say to the German Government: "You affirm your desire for peace. That is also our desire. We have no wish to diminish or lessen your country. We prefer that Germany shall have a just part in the concert of nations. We are not insensible to your suffering. We have never closed our door against your economic expansion. We have always sought and are always ready to seek possibilities of agreement and understanding."

But when that has been said, we have a right to demand that it's desire for agreement should be loyally applied in settling the question of equality of rights. It should be remembered that the declaration of December 12 last year contained the two words equality and security."

By Ruth Rogers

NEWEST LINES IN SCHOOL FROCK YOU'LL LIKE ITS SIMPLE SMARTNESS

Smart is today's model in one of the new rabbit-hair woollens Paris is doing!

It's so simple in line, yet exceedingly modish. Daughter will like the new high shoulders. Plats lend animation to the skirt.

Mother will like it because it can easily be made in about an hour or so. And think of the saving in cost over the original.

Wool jersey, wool and synthetic mixtures, tartan plaided, woaden, worsted crepe, etc., are other nice mediums.

Style No. 471 is designed for sizes 10, 12, 14 and 16 years. Size 12 requires 2 1/2 yards of 39-inch material. Price of pattern 20 cents in stamps or coin (coin is preferred). Wrap coin carefully.

Transforming Old London

Familiar Landmarks Pulled Down To Make Way For New Buildings

Imperceptibly the London that we know is disappearing. Old familiar landmarks are being pulled down. What is almost as important, the London that we can see is disappearing also.

When a building, however charming and familiar, but of no particular historical interest, has outlived its times and usefulness, there is no valid objection to its removal.

But cannot something be done to control the erection of new edifices which towering to heaven, completely blot out some of the finest architectural views of the world?

It was only after the tall new telephone building in Queen Victoria Street was finished that London became aware that the fine prospect of St. Paul's from Blackfriars Bridge had been stolen from the public.

Similarly, when the temporary Waterloo Bridge has been removed, it will be found that the new Lever House has sadly interfered with the famous view of St. Paul's rising over the city.

Fears are now entertained that the grand view of Whitehall, with the towers of Parliament in the background, may be destroyed by the proposed government office there.

Instructions have been prepared for the architect which effectively confine the new building within the limits necessary to preserve the Whitehall view.

Marine Curiosity

Bearded Turtle Reaches Vancouver From China

A bearded turtle is the latest addition to British Columbia's marine curiosities.

It is not unique, but is rare enough to be considered sacred by Chinese. The hirsute one, about the size of a man's hand and 29 years old, a youngster as turtles go, crossed the Pacific in a gold fish bowl on the "Empress of Russia," resting in the cabin of Ship's Interpreter Chin Sang, where joss sticks burned night and day in its honor.

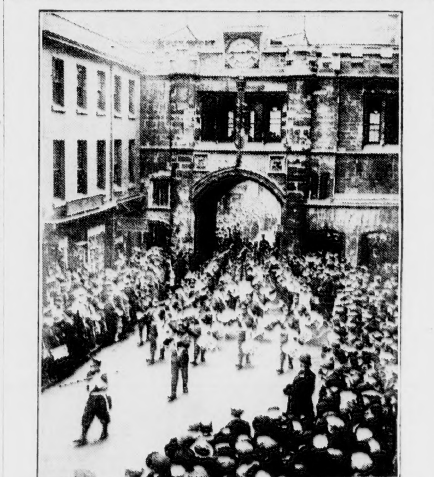

The turtle is honored among Chinese for its sagacity and longevity, but when it has a covering of hair, it becomes sacred.

The present specimen has long green hair and was captured in the sacred lake of Hong Chow, on the Yantse-Kiang River. It will be presented to Mayor Louis D. Taylor and the citizens of Vancouver.

Appointed To Judicial Post

George Franklin McFarland, Toronto, has been appointed judge of the high court of justice for Ontario. The announcement was made by Hon. Hugh Guthrie, Minister of Justice. Mr. McFarland succeeds Mr. Justice W. E. Ramey, who died recently.

LINCOLN RECEIVES RELATED VISIT FROM NAMESAKE REGIMENT

The 2nd Battalion Lincolnshire Regiment on its journey from Dover to Calcutta, crossed at a season when it passed through the ancient city of Lincoln. It was the first time in 36 years that a regular battalion of the Lincolnshire Regiment had paid a visit to the City of Lincoln. Our photograph shows the battalion marching through the ancient Stonebow Arch in the city.

Canada Again Wins The World's Wheat Crown At Chicago International Show

Enlarging The Vocabulary

New Words Are Added To English Dictionary

The King's English has been brought up to date with the publication of the supplementary volume of the Oxford English Dictionary. Needless to say there are hundreds of words in this supplement of which Dr. Johnson was ignorant.

Take a few examples—cubism, futurism, robot, pacifism, radium, movies, talkies, tank, hoodlum, broadcast, loud-speaker, lipstick, psychoanalysis, pussfoot, photofit, proffer, gash, bubble and shapstick. "It gives the impression of a very talented, very nervous, highly-strung generation, equally harassed by its pleasures as by its pains, and eager to pass from one sensation to another," said the president of Magdalen, George Gordon, at a luncheon at Goldsmiths' Hall in celebration of the completion of the supplement. "I find many words expressing contempt for age—dodder, back-number, and so on. I find too large a vocabulary for a virile nation—devoted to distinguish every possible kind of comfort at every hour of the day and night."

Mr. Gordon added that however rude or crude were American terms they were so expressive, so impudently near the truth, that it was very hard to resist them a place in any honest lexicon.

Such terms were graft, once-over, dope, fogproof, and step-on-the gas. Honest contributions from Australia were to make ambler, back-rack and no-flies-on-me. A familiar and very modern phrase, which he thought was of British origin, growth—leaves me cold—might actually have come from Germany.

Social Service In Britain

Over Two Billion Dollars Expended For This Purpose Last Year

No less than \$2,450,000,000 was expended last year on the public social services of the United Kingdom, including such benefits as unemployment insurance, widows' and former service-men's pensions.

The total for the year 1930 for these services was \$206,000,000. After 1910 there was a sudden jump to \$1,530,000,000 when the national insurance system was instituted.

Figures for the latest available year indicate more than 12,000,000 are directly benefiting from the unemployment insurance funds and 18,000,000 from the health insurance.

Canada won her 16th world wheat crown in 33 years and her second oat championship at the international hay and grain show at Chicago.

Judges awarded first place among the world's wheat growers to Frank Isackson, of Effros, Sask., and premier position among growers of oats to Ian Smith, Wolf Creek, Alberta.

Victors of the two western agriculturalists claimed a score of wins, by the Dominion's growers as the cereal grains were judged. They attained leading positions in many classes.

Smith's oats topped those shown by Elias Aldrich of Fairgrove, Mich. He gained the prize won last year by Fred Hamm, of Goodfame, Alberta.

A pioneer in the Effros district since 1906, Isackson won the major prize of the show on hard red spring wheat of the Heward variety made famous by the late John Macdonald, king, Hermann Triller of Wembley, Alberta. In 1922 Isackson placed 12th in the spring wheat class and in 1930 was 38th.

Saskatchewan's string of wheat kings at the international mounted to 11 as Isackson achieved victory.

Alberta has won the title seven times and Manitoba once. But king of all wheat kinds was still Seeger Wheeler, the grand old man of the soil at Rosthern, Sask., who won the crown five times.

Just as important to Canada as Isackson's victory was the brilliant win of a British Columbia farmer, William Rogers, of Tappen, who carried off the reserve championship in the wheat sweethearts.

Down in the valley of the rocky coastal province Rogers grew a strain of wheat looked on as inferior to the hard spring wheats. It was Minidun type of Durum, yet it surpassed in quality scores of other varieties entered at the show.

Two other important victories were given Canadians—both of them Albertans—in the grain classes. J. H. B. Smith of Wolf Creek, who in 1929 won the wheat crown, was awarded a regional first place in the two-rowed barley class. Nels Linden, of Wetaskiwin, captured first in the six-rowed Trebitz type barley class.

Isackson's international champion ship wheat had previously been selected as the champion of the world in the show. Of the first 40 awards, Saskatchewan growers took 25; Alberta, 20; Manitoba, three, and British Columbia one.

S. B. Allison, of Wembley, Alberta, captured the championship of the hard red winter wheat class and following Rogers, of Tappen, B.C., in the Durum class were six Saskatchewan growers, four from Manitoba, four from Ontario and one from British Columbia. Ontario won two and British Columbia one in the awards made in the soft red winter wheat. Five awards in the white winter wheat class went to Ontario and one to British Columbia.

Schools Protected

Schools In Doubtful Areas In Saskatchewan Are Again Insured

After being without fire insurance for at least two years some of them longer, 60 rural school buildings, practically all of them in northern Saskatchewan, are again insured, close to Doukhobor settlements, are again insured.

Prover J. T. M. Anderson, as Minister of Education, announced the government had been able to complete its arrangements whereby 10 schools could be insured, and the clause against loss as the result of fire.

It was learned the insurance had been taken out through a group of companies at a rate somewhat higher than the usual premium on such buildings.

So many schools located in Doukhobor districts were burned in recent years, most of them known to be incendiary, that the companies had refused to carry insurance on any of them. It has been known for some time the government was making efforts to correct that situation.

Didsbury High Defeats Rosebud

The Rosebud aggregation went down to defeat to the tune of 2-1 in a closely contested hockey game Thursday last. A. Brusso and V. Klein securing the goals. Rosebud's lone tally came midway through the first period, when Klein accepted a pass from R. Eubank. High School tied the score late in the second canto, Brusso scoring unassisted. Late in the third period High forged ahead, Brusso again sagging the hemp. A total of three penalties were handed out.

High School: Tiesen; I. Jenkins, D. Jenkins; Brusso, White, Buhl and Stouffer.

Rosebud: Boettger; I. Klein, J. Eubank; R. Eubank, C. Merryberry, Fox, V. Klein and Shantz. Carstairs High School will play their first league game here tomorrow evening (Friday). Admission price: 15c and 10c.

Correspondence.

Dear Sir:

It is with much regret that we learn of Mr. Verne Gillrie leaving us after having carried the King's Mail over this route (R1) for four years. I, personally, and in behalf of the other boxholders, take the opportunity of thanking Mr. Gillrie for the most efficient and courteous manner in which he has served us, and trust at some future day he may again serve us in the same capacity. —Satisfied Boxholder.

Cancel Licenses of 26 Dairymen

In a report to the city council, Dr. W. H. Hill, city medical health officer, stated that the licenses of 26 dairy farmers who were shipping milk to Calgary had been revoked for non-observance of city regulations.

Dr. Hill said that 116 places had been inspected.

If the dairymen observe the by-law in the future by making necessary changes of their barns and equipment, there is a possibility that their licenses will be restored, it was said. —Calgary Herald.

BIRTHS

At the Didsbury General Hospital.

January 3rd, to Mr. and Mrs. Ernest LeClaire, a daughter.

January 7th, to Mr. and Mrs. David Archer, a daughter.

January 8th, to Mr. and Mrs. G. Zimmerman, a son.

January 10th, to Mr. and Mrs. John E. Clarke, a son.

MARRIED

Mr. Fred Bishop and Miss Ada Fox were united in marriage at Carstairs on Monday, January 8th. They will take up their residence in Didsbury.

New Deal in Alberta Beef Cattle

The fine reputation established in Britain by Alberta Red Label Beef has had results recently in a new feature introduced into the marketing of our beef overseas. One of the leading importers in London purchased and put on feed lots in Central and Southern Alberta 1,000 head of choice feeder cattle, mostly calves and yearlings, bought direct from the ranchers. The farmers finishing these cattle on their feed lots are to be paid 7 cents a pound for the gain made. The cattle will go overseas in the spring as soon as they are in prime condition. The arrangement of this deal was made through the Southern Alberta Co-operative and if successful, the deal will probably be the forerunner of a fairly large enterprise along these lines. This is the first occasion on which a British importer has purchased cattle outright on the Alberta range, and fixed a definite price to be paid for gain in weight on the feed lots.

FURNITURE REPAIRING—All kinds of furniture repaired, and all prices are very reasonable. See NOBLE COLE, Didsbury

LOCAL & GENERAL

Archie Boyce will hold a Community Sale early in February. List your articles with C. E. Reiber. (2)

Mr. R. M. McCool, M.L.A. and Rev. E. Longmire, of Crossfield, were business visitors in town on Wednesday.

The members of Crossfield United Church will present a comedy drama at the Didsbury Opera House on Thursday, January 25th under the auspices of Didsbury U.F.A. Local Watch for further announcement.

The Evangelical Church services will be held in the M.E.C. Church next Sunday morning. The pastor's sermon topic will be "Repairs of the Breach." There will be no evening service.

The annual U.F.A. meeting will be held at the livestock office near the stockyard this Friday, Jan. 12 for election of officers and appointment of delegates to the conference at Edmonton.

The Young People's Society of the Knox United Church is sponsoring a lecture on the "Douglas Plan" to be held in the church on Thursday evening next. Everybody welcome. Silver collection to defray expenses.

Mrs. M. Shantz' winnings at the Calgary Poultry show were: 1st prize for Buff Orpington Cockerel; 1st prize for bronze turkey hen under 2 years old and special prize for the heaviest turkey at the show. The prize-winning turkey weighed 34 pounds.

Mr. Melven Hugot, of the Royal Bank staff, has been transferred from the bank here to Vegreville, where he will take the position of teller-accountant. Mel has always been popular with the boys around here, having been active in both hockey and baseball and they will be sorry to lose him.

WEEKLY JOKE

Billy had been told that a tradition is something handed down from parents to children, so the next day at school he explained to his teacher that he was late because "Mother had to mend his traditions."

Obituary.

FREDERICK WILLIAM IMM.

Frederick William Imm passed away at his home 2-1/2 miles east of Didsbury on Saturday evening, January 6, 1934, at the age of 73 years after suffering a lengthy illness of ten years.

He was born in Dresden, Germany, on October 5th, 1860 and lived there with his parents until he was united in marriage to Hilda Louise Pockrandt on February 20th, 1889.

They moved to the United States in 1892. In early life he joined the Lutheran Church and later built and donated the Evangelical-Lutheran Church at Elmdale, Kansas, which still bears his name. He attended the church regularly until ten years ago, when he was taken ill.

Deceased came to Canada in 1919 and bought a home east of Didsbury, where he resided until his death, and leaves to mourn his loss: his sorrowing widow; six daughters, Mrs. F. Hammond, of Hartford, Kansas; Mrs. A. E. Price, of Opeka, Kansas; Mrs. L. H. Buckley, of Topeka, Kansas; Mrs. C. A. Nicholas of Emporia, Kansas; Mrs. I. L. Klein, of Didsbury; Elsie, at home, and one son, William, of Didsbury. There are ten grandchildren and a host of friends.

The funeral services will be held this (Thursday) afternoon, at the residence at 2 o'clock and the Lutheran Church at 2:30. Interment will take place at the Didsbury cemetery.

YOU will be MORE THAN SATISFIED by having your Watch, Clock, Phonograph, or Sewing Machine fixed right in Didsbury. All my work is guaranteed. Reasonable prices.
